Showing Losses in Mexico to the Pearson Plants.

In their application for a reduction from this year's city assessment the Ef Pass Milling company has filed a statement showing that their losses either the Maintro revolution in 1912 have tetalled over 1862,000.

The assessment was relaced this year from 1705,000 to 853,000, it was understood, and the city council sitting as a board of equalization is now considering the application of the company to the application of the company to the company for 2 reduction.

While the certified statement filed indicates that heavy losses have been minimalized by the company as a result of disturbed conditions in Mexico. The Milling company has continued to operate in Hi Pass from the time its mills were completed.
